B. Amendments to the Claims:

Please amend the claims as follows:

Claim 1. (currently amended) Child seat for use in a vehicle, which child seat is designed to be placed on a vehicle seat and comprises a seat part and an upright part, the upright part comprising a backrest part that is adjustable in height relative to the seat part and a headrest part that is adjustable in height relative to the seat part and the adjustable backrest part, wherein ~~characterized in that~~ the headrest and the adjustable backrest part are connected to each other, so that a height adjustment of the headrest leads to a different, preferably smaller height adjustment of the adjustable backrest part.

Claim 2. (currently amended) Child seat according to claim 1, wherein ~~characterized in that~~ a height adjustment of the headrest leads to a height adjustment of the adjustable backrest part that is approximately half that of the headrest.

Claim 3. (currently amended) Child seat according to claim 1 ~~or 2~~, wherein ~~characterized in that~~ the headrest and the adjustable backrest part are connected to each other by a gear rack construction.

Claim 4. (currently amended) Child seat according to claim 1 ~~or 2~~, wherein ~~characterized in that~~ the headrest and the adjustable backrest part are connected to each other by a rod mechanism.

Claim 5. (currently amended) Child seat according to claim 1 ~~or 2~~, wherein ~~characterized in that~~ the headrest and the adjustable backrest part are connected to each other by a cable pulley mechanism.

Claim 6. (currently amended) Child seat according to claim 1 ~~or 2~~, wherein ~~characterized in that~~ the headrest and the adjustable backrest part are connected to each other by means of a gearwheel transmission.

Claim 7. (currently amended) Child seat according to claim 1 ~~or 2~~, wherein ~~characterized in that~~ the headrest and the adjustable backrest part are connected to each other by means of a cam disc.

Claim 8. (currently amended) Child seat according to ~~one of~~ claim[[s]] 1 ~~[[- 7]]~~, wherein ~~characterized in that~~ locking means are provided for the height adjustment.

Claim 9. (currently amended) Child seat according to ~~one of the preceding~~ claim[[s]] 1, wherein ~~characterized in that~~ the headrest is provided with a handgrip for pulling up or pushing down the headrest for adjusting the height of the headrest and the backrest part.

Claim 10. (currently amended) Child seat according to claim 9 ~~as far as dependent on claim 8~~, wherein locking means are provided for the height adjustment and further wherein ~~characterized in that~~ the handgrip is connected to the locking means, in order to unlock the lock.

Claim 11. (currently amended) Child seat according to ~~one of the preceding~~ claim[[s]] 1, wherein ~~characterized in that~~ the seat part is adjustable.

Claim 12. (currently amended) Child seat according to ~~one of the preceding~~ claim[[s]] 1, wherein ~~characterized in that~~ the headrest is provided with a belt guide.

Claim 13. (currently amended) Child seat according to ~~one of the preceding~~ claim[[s]] 1, wherein ~~characterized in that~~ the adjustable backrest part is provided with a belt guide.
